

APPLICATION FOR EQUINE SEMEN/EMBRYO IMPORT PERMIT

Washington State Department of Agriculture
Animal Services Division
Animal Health Program
PO Box 42560
Olympia WA 98504-2560
(360) 902-1878

I hereby apply for an annual equine semen/embryo import permit to ship embryos, fresh, cooled or frozen equine semen into Washington state. I understand that this permit expires on December 31st of the calendar year in which it was issued and is specifically for the stallion listed below. Each individual stallion shall be represented on one semen/embryo permit application and will be assigned his own individual permit number. I understand that this permit does not relate to breed registry requirements for semen or embryos. A legible laboratory photocopy of the stallion's EVA antibody status (within 180 days of shipment) and EIA status (within twelve months) must be attached to this application.

STALLION INFORMATION					
NAME OF STALLION			STABLE NAME		
BREED/COLOR	REG. NO.	AGE	MANAGER		
Identification: Must provide at least one of the three identification methods below. A clear photograph or drawing of horse showing both sides is an acceptable substitute.			ADDRESS
